OBJECTIVE

As a motivated and dedicated software developer fresher, I am seeking an opportunity to begin my career in a dynamic organization where I can apply my knowledge of Java, Python, and problem-solving techniques. My aim is to contribute to real-time projects while continuously learning new technologies, improving my skills, and adding value to the team. With a strong interest in coding, analytical thinking, and software development practices, I am eager to grow as a professional and support the organization's goals.

EDUCATIONAL QUALIFICATION

B. Tech (COMPUTER SCIENCE AND ENGINEERING) **2023-Present**

RR Institute Of Modern Technology, Lucknow (AKTU)
80%

INTERMEDIATE (10+2)-(PCM) CBSE BOARD **2022**

SVM, Deoria
74%

HIGH SCHOOL CBSE BOARD **2020**

SVM, Deoria
89%

PROJECTS

1: Expense Tracker (JAVA) :-

Developed a desktop-based Expense Tracker application using Java to help users manage and monitor their daily expenses efficiently. It allows users to add, update, and delete expense records, categorize spending, and view summaries of their financial activities.

2: ATM INTERFACE SYSTEM (JAVA) :-

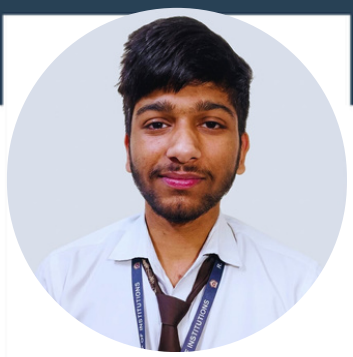

Built a console-based ATM Interface System implementing secure PIN verification, balance management, withdrawal and deposit operations, transaction history. This project strengthened my skills in control flow.

CERTIFICATES

JavaPro gramming

Python – Coursera SQL

Basics – HackerRank

PROJECTS

1. Secure Password Manager (JAVA) :-

ASecurePassword Manager is a Java-based application designed to safely store, manage, and retrieve user passwords for different accounts. It focuses on protecting sensitive information using strong encryption techniques and secure authentication mechanisms

2: TypingSpeed calculator(python) :-

A TypingSpeed Calculator is a Python-based program designed to measure a user's typingperformance. It evaluates how quickly and accurately a user can type a given pieceoftext within a specific time frame.
Theproject typically works by displaying a sentence or paragraph for the user to type.Itrecords the time taken to complete the typing task and then calculates.
